

BADOR ALSHARIF

SOFTWARE ENGINEER

+966 50 026 8989

BADOR.RAKKAN@OUTLOOK.COM

JEDDAH, SAUDI ARABIA

OBJECTIVE

An energetic and creative fresh graduate of Computer Science. Eager to learn, and develop new skills, enhance practical knowledge in the technology field, and serve the community with her knowledge.

EXPERIENCE

- | | |
|---------------------|---|
| Sep 2023 | Data analysis - Virtual Work Experience
STC <ul style="list-style-type: none">– Study and analyze user behavior.– Build a model to predict user behavior.– Make recommendations using machine learning algorithms.– Storytelling of data across presentations. |
| Jun 2022 – Aug 2022 | Research and Development Intern
Classera <ul style="list-style-type: none">– Implemented a blog website using the CakePHP framework.– Used PHP , HTML, and MySQL to implement the website.– Utilized Virtual machine to implement on Linux. |

EDUCATION

- | | |
|---------------------|---|
| Sep 2018 - Mar 2023 | Bachelor of Computer Science
King Abdul Aziz University
GPA 4.56/5 - <i>Second Honors</i> - |
| Mar 2023 | Software Engineering Track
King Abdul Aziz University
<i>**Issued by the university due to completing two advanced courses in Software Engineering successfully.</i> |

PROJECTS

- | | |
|---------------------|--|
| Sep 2022 - Feb 2023 | Pathway Genie
Graduation Project
A web-based tool that reads gene expression data and biological pathways of these genes to generate a comprehensive report analyzing the data and producing precise results quickly using artificial intelligence. |
|---------------------|--|

SKILLS

Soft Skills

- Flexible and Adaptable
- Organization and Time Management
- Teamwork and Collaboration
- Problem-solving

Technical Skills

- Java
- Python
- SQL
- PHP
- HTML
- CSS
- JavaScript
